Wrangell, AK 99929 FAX (907)-874-3952

### ADDENDUM REQUEST FOR PROPOSALS FOR GOVERNMENT ACCOUNTING SOFTWARE AND CONVERSION FROM PRIOR SYSTEM

#### RESPONSES TO VENDOR QUESTIONS

December 17, 2015

1) *Which method of training would you prefer? Onsite, at our facility, online or a mixture of both?*

Our preference would be a mix of onsite training (Wrangell) and/or online. We would consider having one or possibly two staff travel for training but, due to the small size of our department, there may be some practical limitations to having more than one or at most two people travel for training. If more than one training option is available, we would be interested to learn about each option including its estimated cost(s) before making a final determination.

2) *Are you interested in online credit card payments?*

Yes, if available please include information about this option.

3) *Are you interested in document management applications to allow you to scan all documents and store them electronically for easy retrieval?*

Yes, please include information related to this feature in your proposal.
